Who is... Moonbane?

Moonbane is a funny webcomic about a cat who is actually a former war general from ancient Egypt who was transformed to teach him humility. **It Ain’t Happened!** We are introduced to him in the beginning of the series drawn by Olivia Townshend as the man of power who desecrates the Temple of Bast. He is cast into the future many miles away. He learns eventually that he has to make amends for his err to become human again. Pride goeth before a fall they say. Moonbane falls ever so often in this series. He is the ultimate anti-hero. He doesn’t do good deeds, he does “what he wants to at the moment”. check out the www.girafnetwork.org web site for the web comic as well as new plush dolls, calendars, mugs, and Tshirts His mantra is 9 ½ LBs Of absolute Evil.

Wanted!

That’s right! GIRAF is currently looking for a manga artist to work on a new Shoujo title called Teddy Bear Charm. The writer of this series, Leslie Bullock, has told us that “ It’s a great story about one young Japanese girl’s brush with the supernatural after her sister’s death weighs heavily on her family’s life.” Wow, what a statement. When asked if it’s a romance, or mystery, or horror manga she simply said, “Yes.” If any new manga artists are looking to see their work published by working with Leslie then please email samples to girafnetwork@hotmail.com !
